

“The ACTU is proud to be associated with ME Bank – a great choice for union members”

—Jeff Lawrence ACTU Secretary

The Bank created for union and industry super fund members

From the beginning, ME Bank has been a very different kind of bank. Because we treat you like members, not just customers.

That doesn't mean providing better value banking, but also ethical banking, including a lending policy that strives to make sure you don't take on an unmanageable level of debt. It also means providing genuine service. When you call ME Bank, you speak to a real person, not a machine, and they are always right here in Australia. Our national team of Mobile Bankers is available to meet union members at a time and location that suits them.

Union members receive a special “member only” discounted interest rate on home loans, and a higher interest rate on term deposits, plus access to our other banking products.
